

Media Consent Position Statements: Taking images of children

There is a risk that Images of children may be used inappropriately or illegally. SANFL requires that individuals and associations, wherever possible, obtain permission from a child's parent/guardian before taking an image of a child that is not their own. They should also make sure the parent/guardian understands how the image will be used.

To respect people's privacy, we do not allow camera phones, videos, and cameras to be used inside changing areas, showers, and toilets which we control or are used in connection with our sport.

When using a photo of a child, we will not name or identify the child or publish personal information, such as residential address, email address or telephone number, without the consent of the child's parent/guardian. We will not provide information about a child's hobbies, interests, school, or the like, as this can be used by paedophiles or other persons to "groom" a child.

We will only use images of children that are relevant to our sport and we will ensure that they are suitably clothed in a manner that promotes participation in the sport. We will seek permission from the parents/guardians of the children before using the images. We require our member associations and clubs to do likewise.
